

AN INVITATION FOR COLLABORATION

We are glad to inform you that SYKO will hold a three-day exhibition in Ramallah, Palestine. It will consist of public art, a gallery, and a pop-up shop. The exhibition aims to engage the public and the sector in hopes to create community awareness about ethical and sustainable fashion, by sharing knowledge, and experiences and showcasing our sustainable practices and products.

SYKO seeks to collaborate and engage with 9-13 artists to present their installations and/or goods in the gallery/pop-up shop in order to provide alternative solutions and knowledge about our heritage and the future of fashion in Palestine while establishing networks and fostering a healthier industry for everybody. SYKO would be honored to collaborate with you on its exhibition as it values the messages you convey through your diverse artistic media. The exhibition will include many mediums within the scope of sustainability and the fashion industry in the MENA region

Should you decide to embark on this journey, SYKO will provide you with its expertise in environmental-friendly production techniques and its curatorial services throughout the preparation if needed. Your installations or/and merchandise will be displayed in October 2022, in fully equipped spaces supervised by SYKO in Ramallah.

Requirements

- Your practice must be environmentally sustainable and aim at fostering change in practices within your context.
- Your installation can be an artwork or merchandise already produced/ in the making/ or still in the concept development phase.
- You will need to submit a document between 150-200 words outlining your project synopsis (1), a brief autobiography (2), and a zipped file of the work you would like to exhibit with us (3).

APPLY BEFORE
31st / SEP

Thank you in advance for your time and consideration.
